# SMART SUMMER INSTITUTE 2009

A CALL FOR TEACHERS

**JULY 6-9, 13-16, 2009**

**Follow-Up Sessions:**

September 19, 2009

April 24, 2010

plus 24 Hours of Online Follow-up

## PROFESSIONAL DEVELOPMENT IN MATHEMATICS AND SCIENCE

### **Grades 6-8: Integrated Science and Mathematics**

Middle grades mathematics and science teachers will engage in exciting and intensive inquiry-based content and pedagogy in mathematics and science. Each week, science and mathematics teachers will come together at designated times to examine case studies that integrate mathematics and science.

### **Grades 9-12: Mathematics I and II**

High school teachers will participate in training in the new mathematics curriculum. Teachers will experience exciting and intensive inquiry-based content training and will expand pedagogical skills required for teaching the Georgia Performance Standards.
